

Ford Motor Company of Australia

Health and Safety Policy

We are committed to:

- The elimination of work related injury and illness.
- The protection of employees, contractors and visitors.
- Providing a safe and healthy workplace in all areas of our business activity.

We are all responsible and accountable for behaving safely in the workplace.

Our Health and Safety Policy is built on a commitment to the following:

- Implementation of best practice risk management processes
- Compliance with relevant health and safety legislation
- Provide measurable objectives and targets for health and safety
- Provide appropriate health and safety information and training for all employees, contractors and visitors
- Implement robust consultation processes to ensure all employees are included in decision making processes impacting on workplace health and safety
- Deliver programs to ensure the effective implementation of this health and safety policy
- Provide leadership, resources and support to deliver these programs

We are committed to Ford Motor Company Global Safety requirements detailed in the:

- Health and Safety Commitment
- Policy Letter 17 – Protecting Health and the Environment
- Directive B – 108 Occupational Health and Safety Management
- Ford Production System (FPS) and Safety Operating System (SOS)
