# FREEDOM IS WAITING

Choose the 3.2L TDCi diesel engine with 6-speed auto transmission or the extraordinary new 2.0L Bi-Turbo engine with 10-speed auto that delivers 157kW of power and 500Nm of peak torque, with greater engine refinement and outstanding fuel economy. RWD or 4WD, five seats or seven, the Everest is ready to discover what lies beyond the road's end.

Titanium model shown.

**Extraordinary Capability**

The Everest 4WD will confidently wade through water up to 800mm deep<sup>6</sup> and with a high ground clearance of 227mm, it can handle unexpected obstacles. Uphill isn't a battle either, thanks to Hill Launch Assist<sup>4</sup>. And on the way back, Hill Descent Control<sup>4</sup> will cleverly engage the brake system to take you downhill.

**Smart Technology**

The Everest has the smarts. Reverse with confidence with a full and clear vision of what's behind you. If it senses there's an obstacle in your way, the rear parking sensors will sound to alert you. If Adaptive Cruise Control with Forward Collision Alert on Trend and Titanium models senses slow moving traffic in front, it will slow down the vehicle too<sup>4</sup>, while Lane Departure Warning and Lane Keeping System<sup>4</sup> can help keep you stay on track on long road trips.

**Everest Rear Wheel Drive**

If you're looking for size, technology and safety to take on the city and beyond, the Everest Ambiente and Trend RWD models are the perfect fit. With Satellite Navigation, Rear View Camera, Rear Parking Sensors and a commanding road presence you'll feel comfortable and in control. Plus, you can fit up to three child seats in the 5-seater Ambiente and five in the 7-seater models<sup>5</sup> to help keep the family moving.

# ONE EPIC SUV

Our most adventurous SUV is now more advanced. Introducing the 2019 Ford Everest. Incredibly dynamic on the road and right at home off-roading it. The design is bolder and more aerodynamic on the outside, while inside the tech is smarter and the addition of a new 2.0L Bi-Turbo Diesel with 10-speed automatic transmission takes power and fuel efficiency to the next level. So get ready to free your SUV and see what this Everest can really do.

### Big Towing Capacity

Be ready for any task, no matter how big. Everest Trend and Titanium models with the new BI-Turbo diesel engine can now tow even heavier loads with a maximum rated towing capability of 3,100kg<sup>1</sup>

### Keyless Entry & Push Button Start

Set off without ever taking the key out of your pocket. Just open the door to unlock the Everest and press a button to start the engine.

### Panoramic Power Sunroof

Open up your world and experience life under clear blue skies with a glass panoramic sun roof that comprises nearly 50% of the Everest Titanium's roof space and includes a powered sun blind.

### Terrain Management System

Tackle any surface<sup>2</sup> on-road or off, at the turn of a dial. With Terrain Management System<sup>3</sup> on 4WD models you can shift modes to maximize traction and stability whether you're on snow, mud, grass, sand, rock or road.

### Pre-Collision Assist with Pedestrian Detection (Autonomous Emergency Braking)

On Trend and Titanium models, this feature is designed to scan the traffic ahead and warn you if it senses the possibility of a collision with traffic or pedestrians. If a collision is likely, it can apply the brakes<sup>4</sup>.

### Hands-Free Power Lift Gate

Hands full? Simply trigger the sensor under Everest's rear bumper with a swing of your foot. The hands-free lift gate on Trend and Titanium models will open and close automatically.

### Total Comfort

The Everest's interior is designed to get you and everything you need comfortably from A to B and beyond. Whether you choose the 5-seater Ambiente with optional 3rd row, or the more luxurious leather appointed 7-seater Trend or Titanium models<sup>5</sup>, it's easy to switch between cargo and people.
